

[AEONGROUP.COM.AU](http://AEONGROUP.COM.AU)

The AEON Group  
unites 2 companies  
The Other Side Landscapes Pty Ltd  
and ecodeign Pty Ltd.

We are a combined team of over 25  
passionate professionals dedicated to  
delivering exceptional pools gardens and  
entertaining areas.

The quality of our work is the result  
of landscape architects working in  
close collaboration with landscapers,  
pool builders , arboriculturists and  
horticulturists.

At ecodesign we see landscape design as being integral to harmonious living. Landscapes need not only be functional, with good design they can be beautiful and productive too.

We strive to create a seamless transition from architecture to the landscape. Our designs aim to increase your property's value and the quality of your life.

Our landscape architects and designers are client focused. We listen to your needs and design personalised bespoke landscapes that suit your site conditions.

**In 2019 ecodesign received 2 International Federation of Landscape Architecture Asia Pacific Chapter awards in the categories of lighting feature and public art.**

**We also received 4 National Gold Medals from the Australian Institute of Landscape Designers and Managers, in the categories of landscape design up to 50m<sup>2</sup>, landscape design between 50-150m<sup>2</sup>, educational institutional playspace design and landscape master planning.**

**Our Director Adrian Swain was awarded the 2019 Allan Corey Award for Overall Design Excellence, the highest accolade AILDM bestows each year.**

**In 2020 we received national silver awards from the Australian Institute of Landscape Designers and Managers, in the categories of Residential Design over 150m<sup>2</sup>, Residential Plantscape Design and Commercial Open Space Design.**

*We chose ecodesign for their ability to advise and plan not just the landscape aspects, but also because they had an eye for how to make the living areas inside and outside the house flow together seamlessly to create an environment for plants, furniture, water features, and off course family and friends.*

**Sarv and Shashi Girn**

The Other Side Landscapes provides a turnkey landscape construction service. We take care of all outdoor construction.

Our licenced trades will craft your yard into a private haven, created especially for the enjoyment of you and your family.

We take the time during construction to get the details right as this is an investment your long term satisfaction.

**In 2014 The Other Side Landscapes received the following Landscape Association Gold Awards: Pool Surrounds; Sustainable Landscapes; and the Plantscape Award.**

**In 2019 The Other Side Landscapes received a silver award for residential landscape \$100-150,000 and a gold award for residential landscape over \$600,000.**

**In 2021 The Other Side Landscapes received a Silver award for residential construction \$100-150,000, a Silver Award for Residential Construction \$150-350,000 and the Gold and Overall Category Winner for Residential Landscape over \$350,000.**

“We engaged The Other Side in 2011 to construct our backyard garden including removal of our pool. We have been very happy with the results. The Other Side was reliable and meticulous in all stages of this project. The eye for detail and high standards were very much appreciated. They co-ordinated and supervised all people involved. We continue to be very satisfied customers”

Brenda and Charles Minto

Our design based approach allows for customisation of your pool. We specialise in custom pools that are tailored to your individual requirements.

The consideration of water as a space rather than a volume allows the unshackling from traditional pool layouts. Through design we can make pools more compact, more functional but most importantly more beautiful.

We provide one point of contact to coordinate manage and integrate the design and construction of your pool.

**In 2019 we received 6 state and 2 national Pool Building Awards with the Swimming Pool and Spa Association (SPASA) in the categories of Pools over \$100,000, display pool, sustainable pool, lighting feature, water feature and pool landscape design.**

**We also received the Master Builders 2020 NSW award for Concrete pools up to \$50,000 and Concrete Spas and Hot Tubs.**

**In 2020 we won 5 State and 4 National pool building awards with the Swimming Pool and Spa Association (SPASA) in the categories of Pool Lighting Feature, Innovative Pool, Freeform Pool Up to \$100,000, Concrete Pool Under \$50,000, Pool Landscape Design and Pool Water Feature.**

**We also received the 2020 Master Builders NSW for Concrete Spas and Hot Tubs.**

We provide expert horticultural advice for new or established gardens. We install, nurture and maintain spectacular gardens that can be enjoyed for generations.

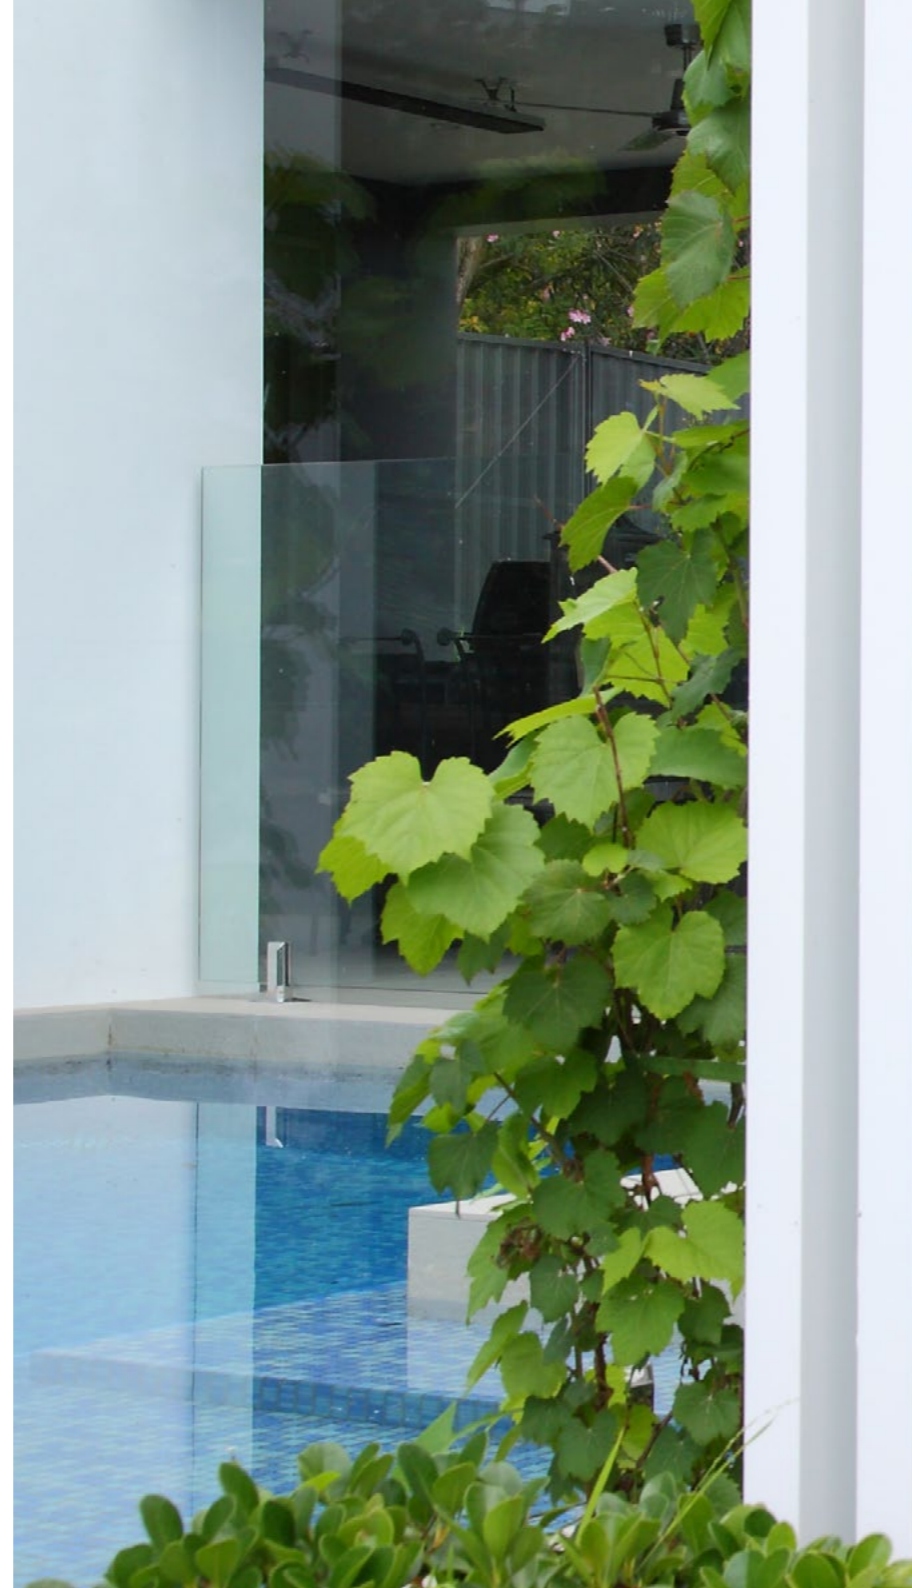

After performing a thorough site analysis we select trees, shrubs, grasses, vines, bulbs, succulents and groundcovers to suit the sites soil, aspect and microclimate.

Core principles of our planting design methodology include seasonal interest, the right plant for the right place, water use zoning and the arrangement of natural forms.

**In 2014 we received the LNA Award for Use of Plants in the Landscape and the LNA Sustainable Landscape Award. We also received the AILD Planstcape Design Award.**

**In 2019 we received the Landscape Association Bronze award for Garden Maintenance up to 1000m<sup>2</sup>.**

**In 2 consecutive award ceremonies our apprentices have won Horticulture Apprentice of the Year and Highly Commended Apprentice of the Year.**
